Subject: RE: Upper Animas briefing

Hi, Mark.

Thanks for the information. When I last spoke with Rebecca, she wanted to wait until the next session starts to communicate with Senator-Elect Gardner. I'll follow up with her and see if she has changed her mind about that. In this case, it may be a good idea for him to have some information about the issue from us prior to the start of the next session.

Since Martha will be signing for CDPHE, they have wanted their legislative liaison to communicate with state elected officials about the letter rather than EPA. I will get in touch with Rebecca about coordinating with the state to do some additional communication with President Pro Tem Roberts after the letter is sent regarding upcoming activities in her district. Perhaps we could do a joint briefing once the dust settles.

Thanks,
Cynthia

Hi Cynthia,
It was good to see you yesterday during the Upper Animas briefing. A couple of thoughts on the com strat. In addition to adding Senator-elect Gardner, I would add State Senator Ellen Robert's new title for the upcoming General Assembly, President Pro Tem of the Colorado Senate. I would encourage you to work with Rebecca Russo to prioritize reaching out to President Pro Tem Roberts when it is appropriate once the Regional Administrator has approved the site team's proposed strategy and the multi-agency letter. As you know, President Pro Tem Roberts is from the Durango area. She has played a key role in the past in pulling together the affected state legislators for a briefing.
Thanks,

Mark
